

HYGIENE GUARD CARE & CLEANING INSTRUCTIONS

SUPPLIES:

- Compressed air duster
- Clean water
- Mild soap or dish detergent
- Pail or bucket
- Soft cloth, chamois, or sponge (qty 2)

PROCEDURE:

- Blow excess dust and debris from the surface using compressed air duster
- Add mild soap or dish detergent to clean water in a pail or bucket
- Submerge soft cloth, chamois, or sponge into soapy water
- Wash surface using soapy water with a soft cloth, chamois, or sponge
- Rinse with clean water
- To prevent water spots, wipe surface dry with clean soft cloth, chamois, or sponge

CAUTION:

- DO NOT use window cleaners or other solutions containing ammonia
- DO NOT use abrasive chemicals
- DO NOT clean using a dry cloth or wipe with a bare hand
- Avoid cleaning in direct sunlight to prevent streaking
