

Single pole signs: 7' logos

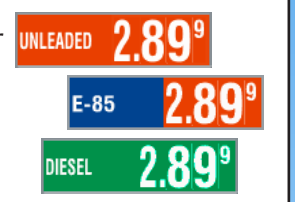

LED gas pricers

Digital LED gas pricers are available for most products, including unleaded, super unleaded, premium, diesel and E-85. Standard models feature red numbers, but green digits are also available.

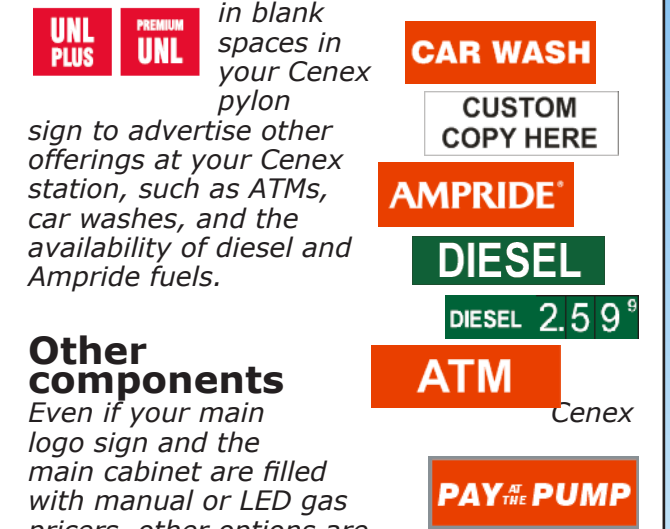

Manual gas faces

Cenex pylon signs with manual gas pricers automatically include labels for unleaded, super unleaded, unleaded plus and premium unleaded blends. Additional faces for other fuel types are also available.

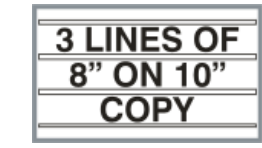

Panels and faces

Use these panels and faces in blank spaces in your Cenex pylon sign to advertise other offerings at your Cenex station, such as ATMs, car washes, and the availability of diesel and Ampride fuels.

Other components

Even if your main logo sign and the main cabinet are filled with manual or LED gas pricers, other options are available for advertising and messages. Manual reader boards or digital message boards can be added, as well as small cabinets to advertise the availability of diesel fuels, car washes, or Pay at the Pump services.

When you're ready to place your order, contact your Cenex sales rep!

Customer: CENEX	Date: 16-May-2012	Prepared By: PLE	NOTE: Color output may not be exact when viewing or printing this drawing. All colors used are PMS or the closest CMYK equivalent. If these colors are incorrect, please provide the correct PMS match and a revision to this drawing will be made.	PERSONA SIGN MAKERS / IMAGE BUILDERS	700 21st St SW Watertown, SD 57201
